Guidelines for Authors of the OBSERVATORIUM Series (ISSN 2365-6980)

The Observatorium series, published by the Maecenata Foundation since 2015, includes concise (maximum 6 page) research and policy papers in German and English on civil society and philanthropy matters that address a wider audience of experts, policy makers, and media.

The series is fully quotable and registered under the International Standard Serial Number ISSN (Web) 2365-6980. Each issue is also registered under individual identifiers (Uniform Resource Name – URN) by the German National Library in order to ensure continuous availability. All issues are protected by the Creative Commons 3.0-License and available for free at
